THE UK'S BEST RETIREMENT LIFESTYLE MAGAZINE

# Introduction

PRIME

People in the UK are living longer – and not only are people living longer, they are healthier and more active than any generation before them.

Today's retirees and soon-to-be retired have serious spending power. This disposable income, along with advances in healthcare and technology, mean that the 60+ population is enjoying long, fulfilling lives – and the numbers are growing – almost as fast as their income.

Today's over 60s are relaxed about spending their money on recreation, culture, food and household goods - and they continue to be biggest and most enthusiastic consumers of print media.\*

**“FREE TIME AND HEALTH, COMBINED WITH RELATIVE FINANCIAL COMFORT AND A GREATER READINESS FOR SELF-INDULGENCE, ARE CREATING A MARKET EAGER TO CONSUME AND EXPLORE.”**

Prime is a market-specific publication aimed at people aged 60+.

Using targeted distribution, Prime has the content and design of a nationally-published title but with localised advertising.

The strategy behind the publication of Prime is based on the identified 60+ and recently retired market. Each edition features celebrity interviews alongside health, travel, lifestyle and culture features.

“OVER A QUARTER OF THE UK POPULATION IS OVER 60, AND THIS COHORT IS PROJECTED TO KEEP GROWING BY 40% IN THE NEXT 15 YEARS. THEY ACCOUNT FOR SUBSTANTIAL WEALTH, ASSETS AND EXPENDITURE AND THEIR WEALTH AND EXPENDITURE IS ASTONISHING”

AIMED AT THE 60+ AB1 MARKET, PRIME'S CONTENT REMAINS PERTINENT FOR THE ENTIRETY OF AN EDITION'S SHELF LIFE, ENSURING PRIME REMAINS A COFFEE-TABLE STAPLE UNTIL THE NEXT EDITION HITS THE SHELVES.

“OUR TARGET AUDIENCE DEVOTE 2.87 HOURS PER WEEK TO READING NEWSPAPERS AND MAGAZINES.”

# Our readership

PRIME

We are taking Prime out to a specifically targeted readership who we know will respond to the content and advertising. Using a carefully devised and well executed distribution strategy, we will ensure this publication has the eye of our target readership.

These readers fall under the following categories:

## EMPTY-NEST ADVENTURES

Empty-Nest Adventures are mature, married couples, aged 56 and over, living in very comfortable detached homes. Their children have now left home, giving these parents the opportunity to fully enjoy their empty-nest status.

## DIAMOND DAYS

Diamond Days are affluent, older retired couples, no longer financially responsible for their offspring. They have yet to downsize from the substantial family homes they bought many years ago. In addition to owning what are now highly desirable properties in prime locations, successful careers and careful investment in stocks and shares have made them financially secure.

## OVERALL, OUR READERSHIP IS:

Increase your audience reach by adding digital to your campaign.

Multimedia campaigns have long been considered the best way of reaching the maximum number of people and with more older people than ever browsing the internet, it is important to include digital in your advertising plan.

Older people browse the internet for longer when deciding to make a purchase, using their time to read reviews on products and services.

Don't miss out on reaching them at these key purchasing decision stages.
